THE ART OF LIVING BEAUTIFULLY

A legacy of craftsmanship.

A vision for modern living.

Founded by Dutch immigrant Siebe Baker, Baker Furniture began with a simple promise: to create furniture of uncompromising quality and artistry. His son, Hollis Baker, expanded that vision, traveling the world for inspiration and pioneering the concept of design partnerships. Through these collaborations, Baker became both creator and curator, blending timeless design with modern perspective.

Crafting Excellence

Rooted in Grand Rapids, Michigan, Baker has shaped American craftsmanship and luxury design for more than a century. Our reach now extends to over 40 countries, with flagship showrooms in major design capitals around the globe.

Things Chosen Well, Rather Than Often

Every Baker piece begins with a deep respect for form, material, and proportion. We believe enduring design is created at the intersection of heritage and innovation, where every detail has purpose and every element matters.

Built for longevity, our furniture stands the test of time in both quality and style.

Timeless. Tailored. Artful.

Our Brand Values

Baker is defined by craftsmanship, timeless design, and refined living. We value authenticity, thoughtful detail, and enduring beauty. Our designs appeal to those who appreciate refinement without pretense, shaping spaces that feel effortless, curated, and lasting.

Considered. Crafted. Custom.

Every Baker piece begins with intention.
Bench-made. Hand-finished. Meticulously
inspected by master artisans.

Exotic veneers, bespoke finishes, hand-applied
leafing, and custom hardware reflect our devotion
to material integrity. We evolve design without
compromising craftsmanship, creating furniture
meant to be lived with, loved, and passed down.

Every line, every curve, every detail is considered.

Through expert craftsmanship, these materials become furniture that is both functional and artful, showcasing the care and intention in every detail.
