RECLINER

A Baker recliner provides the ultimate in comfort by both reclining the back of the chair and extending a legrest. A recliner needs extra space both behind and in front of the chair to fully extend. The recliner measures 68" in the fully extended position, 13" at legrest and 17" at headrest.

INCLINER

A Baker incliner creates a relaxed seating experience. The seat and inside back slide forward and a legrest extends while the outside back remains in a fixed position. An incliner needs extra space only in front of the piece. The incliner measures 67" in the fully extended position, 28" at legrest.

While both recliners and incliners are available in stand alone chairs, only incliners are available in loveseats, sofas, and sectional groupings.

STEP 2 • SELECT CUSHION WIDTH

Not applicable to stand-alone chairs or corner chairs. Chairs are 21".

☐ 24"

☐ 30"

STEP 3 • SELECT ARM STYLE
